### Disclaimer

General: Purchases of collective investment schemes are based on the prevailing version of the sales prospectus, fund contract as well as the Key Investor Information Document ("KIID"), in so far as these are available, in connection with the most recent annual or – where available – semi-annual report of the fund. The relevant documents can be obtained from 1741 Fund Solutions Ltd. (hereinafter "1741"). Exclusion of liability: This document was produced by 1741. However, 1741 provides no warranty or guarantee for its content or completeness and accepts no responsibility for losses or damages of any kind that arise directly or indirectly from the use of this document or the information contained herein. The opinions expressed in this document are those of 1741 at the time the document was prepared and may change at any time and without notification. Unless otherwise stated, all figures are unaudited. For information purposes only: This document is provided for information purposes only and constitutes neither investment advice, nor an offer, nor a recommendation to buy financial instruments, nor does it exempt the recipient from the use of his own judgement. Audience: This document and all information within this document are not directed at any person, who qualifies as US person in accordance with Regulation S of the US Securities Act of 1933 as amended. Neither this document, nor any copy thereof may be sent to or taken into the United States or distributed in the United States or to a US person. Condition of use: This document and the information contained therein is intended solely for persons that may access the information in accordance with the legal and regulatory provisions of both their country of residence and their country of nationality. When in doubt, we recommend that you contact a local distribution office or credit institute. Performance: Every investment is associated with risks, especially with regard to fluctuations in value and return. Positive performance in the past or an indication of such is no guarantee of positive performance in the future. Collective capital investments are volatile and can also result in the total loss of the invested capital and any income. The performance data do not take account of the costs and commissions levied on subscriptions and redemptions of fund shares. Further, no guarantee can be given that the fund's performance will reach or exceed that of the benchmark. Positive performance in the past or an indication of such is no guarantee of positive performance in the future. Investments in foreign currencies are exposed to currency fluctuations, and there is further risk that the foreign currency will decrease in value against the investor's reference currency. Distribution in Switzerland: This collective investment scheme may be distributed to qualified investors domiciled in Switzerland.

The fund's historical monthly performance was calculated using the returns from each asset class, weighted according to the current benchmark allocation and rebalanced on a monthly basis. The performance of the Swiss equities and global equities asset classes reflects the historical returns achieved by the asset manager in these asset classes (net, after fees). The performance of the money market asset class reflects the returns of the benchmark, since no realised returns are available for this asset class.
