

Your pension certificate clearly explained

ePlix gives you access to your digital pension certificate from Tellco pk. Use the new web app to find out what benefits you and your family will receive in old age and in the event of disability or death. You have the option:

- ✓ to view your current pension data
- ✓ to transfer your pension assets
- ✓ to simulate benefits

ePlix provides you with data...

...to finance your own home

Fulfil your dream of becoming a home owner with help from your pension fund.

In Switzerland you have the option of using your pension assets to purchase residential property. This financial boost can make it significantly easier for you to buy your own home. ePlix shows you how much money you can currently use from your pension fund.

...to save on taxes

Save on taxes and increase your pension savings by investing in your pension fund.

Buying into the pension fund not only provides tax advantages, but also long-term financial security. ePlix shows you your personal options. You can start benefiting from these financial advantages this year.

...to plan your retirement

ePlix supports you in planning for (early) retirement.

It's up to you whether to opt in favour of a lump-sum payment, a retirement pension or a mixture of the two. ePlix shows you what liquid resources you can expect in the various scenarios.

Maximum data security

ePlix is operated in Swiss data centres with the highest security standards.

Free of charge

As a private user, you can access ePlix at no cost.

Self-explanatory and intuitive

ePlix gives you a simple overview of your occupational pension from your mobile phone, tablet or PC.
